**Healthy voting basics**

If you go out to vote—whether to drop off a ballot or vote in person—follow these common sense precautions.

- Wear a mask or other face-covering.
- Maintain a physical distance of 6 feet to protect yourself, election workers, and other voters.
- If you go to a post office, wear a mask or other face covering to protect yourself, the postal clerk, and others.
- Before and after voting, wash your hands with soap and water for at least 20 seconds. Or use hand sanitizer with at least 60% alcohol.

If you are sick or concerned that you have been exposed to the coronavirus, and don’t have an absentee ballot, contact your local election office for guidance about your voting options.

**Healthy tips for voting by mail**

Voting by mail is a healthy option because you vote at home. If you go out at all, it’s only to mail or drop off your ballot.

- If you need to buy stamps, consider using the Post Office's online store, usps.com.
- If you go to a post office or store to buy stamps, wear a mask or other face covering to protect yourself, the postal clerk, and other people.
- If you go outside to mail your ballot, wash your hands with soap and warm water for at least 20 seconds when you get home.
- You may be able to put your ballot in a drop box from a car.
- To seal the envelope after you have voted, use a damp sponge.

**Healthy tips for voting in person**

Voting in person usually means going to a voting center where there will be other people, but is where you can get assistance.

- Follow instructions for healthy voting at your in person voting location.
- Practice physical distancing and stay 6 feet away from poll workers and other voters.
- Don’t try to clean the voting system yourself. Ask an election worker. They know how to do it without damaging the machine.
- If you can, go when the voting center will not be as busy, usually mid-morning or early-afternoon.
- Use curbside or drive-through voting if available.

**Accessible voting**

All in-person voting centers must have at least one accessible voting system.

- If you can, go when the voting center will not be as busy, usually mid-morning or early-afternoon.
- Use curbside or drive-through voting if available.
- You can bring your own headphone to use with the accessible system.
